Do we have any CEA-HOW birthdays or anniversaries to celebrate today?

If you need a sponsor, if you become an available sponsor, or if you are no longer available, please send an email to phonebridgesponsorcoordinator@gmail.com.

Will all available sponsors please introduce yourself, provide your phone number, time zone, and if you are available as a food, inventory, step and/or maintenance sponsor.

Due to the continuous hourly Marathon mtgs. being held today, this mtg. will not have “fellowship time” for newcomers or returnees to ask questions and request phone numbers. Please feel free to contact me with any questions or information not covered during this meeting. I’m also available for outreach calls...my name is _____ and my phone/cell # is _____ [include time zone].

Would someone please volunteer to be our Timekeeper?

The following are some guidelines to help the meeting run smoothly:

To prevent background noise from disrupting the meeting, please mute your line whenever you are not speaking. To mute, press the *6 key on your phone pad and you will hear a prompt saying you are now muted. When you want to speak, press the *6 key again, and you will hear a prompt saying you are now unmuted. If there is an echo, static or other interference on the line please double check that you have your phone muted.

We ask that no one give advice and please no crosstalk. Crosstalk during a meeting refers to expressing a compliment, commenting on someone’s share, any form of disruption, advice giving, or speaking directly to another person rather than to the group. Sharing our own experience, strength and hope and avoiding crosstalk frees us from worry about negative or positive judgment.

Now is the time for sharing. Those members who have at least 30 days of continuous CEA-HOW abstinence may pitch. Those members who have at least 7 days of continuous abstinence may pitch if their pitching has been discussed with their sponsor. We will have 3 minute timed shares...

_____ [**Insert name** is our **Timekeeper**]. Our Timekeeper will give a 1 minute warning and then say time, when your 3 minutes are up. If you want, you can include your name and number for outreach calls during your 3- minute share.

Again, this will be a _____ meeting...there is no abstinence requirement to read from the related literature.

Topic Suggestions for “Relapse Prevention” Marathon Mtg.

Leader chooses one topic to discuss. If there is time, leader chooses a second topic...

Symptoms and Solutions

1. Increased Stress: Loss of abstinence not being as important as once was, letting a relationship become more important than our program, all the little stresses or stuff that we just ignore, or not working a program the way we used to.
2. Thinking: Old ways of thinking slip in, we ignore them and don't talk about them with anyone in the program.
3. Feelings: A change in the way we perceive ourselves; everything is great, when it really isn't; we are depressed and do nothing about it.
4. Behavior: We start to act differently, like, covering up what's really going on inside. “I look good on the outside, because that's the behavior I want others to see, but I know something is wrong.”
5. Denial: Our thoughts go something like this – “I feel different, everything about me is different, my thoughts, my behavior, feelings - but these pass quickly and, besides, I don't want to think about this.” This will get progressively worse over time.

2. How do you intend to seek HP?
3. Discuss what actions you will take to prevent yourself from taking control again?
 - a. In the area of food
 - b. With your family
 - c. In manipulation of friends
 - d. In dealing with character defects

My Relapse 911 Plan

Make a list of 10 things you can do instead of using your compulsive eating as a coping device. Keep your list in a place where you can find it when you need it!

(Ask for members to give what they listed and open it for discussion.)
